

Questions & Answers

Locate certification records

Q) I've taken a certification class but the certification is not showing up on my transcript summary?

A) The most common cause of a certification not showing up is failing to meet all the prerequisites of a certification. For instance, Fire Officer I has a prerequisite of Fire Service Instructor I. If a person is issuing the Fire Service Instructor I, then the Fire Officer I will not show up on their certification summary transcript.

Q) Where can I find my transcript?

A) Transcripts can be viewed and printed from the following link:

http://www.ncdoi.com/OSFM/Fire_Rescue_Commission/apps/Student_Transcript.aspx

Q) If I notice that a class is missing from my OSFM complete transcript, what should I do?

A) If it has been over 90 days, you must contact the delivery agency where the class was attended. The school director will then verify the record and report it to our office.
